GROUP WINNERS

1. 2/4 winners from each group will advance to the final knock-out stages.
2. Points scored will first decide the winners.
3. If two or more players in any Group have an equal number of points at the end of the Round Robin Stages, the following procedures will apply to determine the Pos of the qualifiers of that group:-
 - a) If two or more players have an equal number of wins, the better or best will be the player with the best Frame Difference.
 - b) If still equal, the results of the matches between the players concerned will be the determinant for the winner between them.
 - c) If a tie is still involved, the best differential in the matches of the tied players will be the determinant.

Format: 2 frames - 2 points for a win 1 point for a draw
